

The Adair County News.

VOLUME XIX

COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, AUGUST 9, 1916.

NUMBER 41

The Primary Election.

Enthusiasm was very much lacking upon the part of Democrats and Republicans alike in the Congressional primary election pulled off in the Eighth district, last Saturday. Many of the counties cast only a few votes. In Adair county it was the lightest vote ever polled in a primary in our recollection, only a few hundred Democrats and a small number of Republicans participating. The county was not canvassed, in person, by either candidate, and they seemed to be as little interested in Adair's vote as the voters manifested.

Mr. Helm, of Lincoln county, carried the county over Mr. Montgomery, of Casey county, for the Democratic nomination for Congress by about 188 votes, he having received 526 votes and Montgomery 338. Montgomery carried the three Columbia precincts and also White Oak, Helm the rest of the county.

Hon. L. T. Neat, the Republican candidate for Congress, carried the county by more than six hundred over Dr. Davidson, of Lincoln county, and the returns from the other counties in the district indicate that he has been nominated by a safe majority, about seven hundred. He lost only 16 votes in this county.

Congressman Helm's majority is estimated at 5,000 in the district. This indicates that the Democrats of this district are well pleased with our congressman: that they propose to give President Wilson the strongest backing possible in the belief that men, familiar with national affairs should be re-elected. The battle cry—"It's a dangerous time to swap horses while crossing the stream" meant that Democrats proposed to back President Wilson as best they could—a tribute to Mr. Helm, an enthusiastic endorsement of the President and open evidence of performing conscientious political duty.

Merry-Go-Round.

The young people who want to enjoy themselves will have an opportunity during the Fair. A steam Merry-go-round will be on the grounds, one of the fastest in the State. Come, every body, and take a ride.

Gentlemen, who are officing in the second stories of buildings on the square are requested not to throw slop from their windows, as the waste is very offensive to those who are employed in rooms below. It is not only offensive, but very injurious to health. This is a matter that should engage the attention of the health officer, and very likely he has issued a warning order, but it is not heeded.

Have you forgotten to call and settle your millinery bill? I need it now. Mrs. George Staples.

A report reaches here that Mr. A. I. Hurt, a former Columbian, now a citizen of Lafayette, Ind., is a victim of cancer, the disease making its appearance in his mouth, and that he has been on the operating table. It is hoped by his many Adair county friends that the operation will prove successful, and that he will be restored to health.

Visit the Merry-go-round during the Fair.

If you have not received the August number of the Review of Reviews, send for it. It is full of information that will do you good to read and will fill your mind with valuable information. Thinking men need this periodical. Send for it. 30 Irving Place, New York, N. Y.

Rev. B. F. Orr, who many years ago was pastor of the Methodist Church, this place, and who married Miss Lizzie Griffith, of Columbia, met with a stroke of paralysis at Dawson Springs last week. He had gone to the resort for his health.

Persons who will attend the Fair and who are indebted to this office, will please call and settle. The office will be kept open each day of the exhibition.

Mr. Tim B. Cravens, Tompkinsville, a former Columbian, is now a Kentucky Colonel, having been appointed by Gov. Stanley a member of his staff.

A Paul Revere Ride.

The following act of little Louise Grissom, a daughter of Mr. and Mrs. Grover Grissom, in a sense, was as courageous as the ride made by Paul Revere. Louise is seven years old, and on the night of her adventure she was at the home of her grandmother, Mrs. Rachel Grissom, in this place. During the night her grandmother was taken violently ill. There was not a male person about the house, and Mrs. Grissom wanted her son, Dr. Garlin Grissom, who lives two miles out on the Campbellsville pike. He was called by phone, but Louise thought that he was too slow coming, and without telling her grandmother her intentions, she left the room at eleven o'clock, went to the stable, bridled a horse, mounted his bare back and started for the home of her uncle, but when she got in a half mile of the doctor's residence she met him, delivered her message, the two hurrying together to the sick room. Do you know of another seven year old girl, at 11 o'clock at night, who would have the courage that little Louise displayed?

ADAIR CIRCUIT COURT.

J. S. Helm, Admr. etc, Pltf }
vs
Adah J. Kelsey, etc, Deft }
In compliance with an order of the Adair Circuit Court rendered at the May term 1916, in the above styled action, I will at my office in the town of Columbia, Ky., from now until the 15th day of September 1916, receive claims together with proof of same, against the estate of J. A. Chapman, decd.

In another column appears the advertisement of The Louisville Hotel and Old Inn Company, a guide to our people who want good hotel accommodation at reasonable cost. To many people in this section neither of these hotels need introduction for their merits are well-known and appreciated. As shown in the advertisement The Louisville Hotel is the only hotel in the city that offers the advantages of the American and European plan. Both are in the heart of the city—in the wholesale district, but convenient to the most attractive retail streets. Not only will you be pleased with the conveniences of location when you register at either of these hotels, but the courtesies extended and the splendid fare enjoyed will likewise appeal to you. If not wedded to some particular hotel test the correctness of our statement and you will not have cause for regret.

News from adjoining counties is that each one will send large delegations to the Columbia Fair, August 15.

Next week will be the Fair, and we will go to press on Monday, in order that the working force may attend. Therefore, we request our Gradyville correspondent to send his letter on Friday, and all other contributors will mail their contributions two days earlier.

Mr. J. A. Hill informs us that Gen. Jas. Garnett is figuring on erecting a garage building on his lot, near the Christian church. Should he conclude to put up the building, Mr. Hill has agreed to rent it.

Mr. A. W. Paxton authorizes us to state that his name as committeeman for the campmeeting to be held in his woods in September, was not authorized, and is therefore withdrawn.

The Columbia Fair ground are the coolest in the State, shade trees in abundance, and the best of water flowing constantly during the exhibition hours.

Tuesday night of the Fair, "The Girl in the Game" starts at the Paramount theater, and will continue for fifteen evenings. It is a great play.

Mr. B. E. Rowe and Mrs. Josephine Rowe purchased Ford machiaes each last week. They will arrive in a few days.

Mr. Scott Montgomery exhibited at this office a cluster of nine tomatoes, good size, all grown on one stalk.

How President will Come to Hodgenville.

A part of the program incident to President Wilson's visit to Lincoln Farm has been definitely settled on, and further arrangements are being made by the Louisville and local committees.

President Wilson will come to Hodgenville on a special train, in his private car, according to advices received by Mr. John W. Read, Chairman of the Hodgenville Committee. The President will be accompanied by Mrs. Wilson, Miss Helen Woodrow Bones, the President's cousin, Secretary Tumulty, stenographers, secret service and newspaper men. Another special train from Washington will have Mr. Collier's private car. Mr. Collier will be accompanied by Mr. Mackay, Senator Ollie James, former Governor Folk of Missouri, Secretary of War Baker, Senator John Sharp Williams, and other personal guests.

These trains will leave Washington early on Monday morning, Sept. 4th, and will arrive in Louisville at about 8 o'clock. There the coaches will be transferred to the I. C. lines and the trains will come to Hodgenville immediately, arriving here about 10:30 o'clock or 11 o'clock. The exercises at the farm are scheduled to begin at noon, but may be changed to 11 o'clock to accommodate the President who wishes to leave on the return to Washington as soon as possible.

The Hodgenville committee will have a meeting in a few days to arrange its part of the program looking toward the transportation of guests to and from the Farm, and arrangements for the speakers stand, decorations at the Farm and in town, and other important matters—Hodgenville Herald.

If you want to spend four days pleasantly, looking at fine stock and hearing one of the finest bands that ever went out of Louisville, come to the Columbia Fair, August 15 and put in four days.

A few weeks ago wheat was selling at around \$1 per bushel, most of it being sold a few cents higher. And then the general prediction was that there would be no advance on wheat to amount to anything. Yet now wheat is wavering around \$1.20, with prospects to get higher, as reports of damaged crops come in from the northwest. Still it is not likely that wheat will take the big jump this year that it did last, though it is not impossible.

All the teachers of Russell county attended the institute which was held at Jamestown last week conducted by Prof Shipp, a well-known educator, and who was personally known to many of the teachers, he having visited Russell county several times in the same capacity. There were a number of visitors, and many interesting talks were made during the session.

All kinds of innocent amusements will be on the grounds.

The prospects for a tremendous crowd at the Fair was never more flattering. Furthermore, there will be more fine stock on exhibition than in many years in the past. R. K. Young, W. L. Grady and Elzy Young were in the blue-grass section last week, and they bring the tidings that a lot of stock from Central Kentucky will be here.

Mr. R. F. Paull's fine two year old saddle mare was awarded first money at the Springfield Fair. There were quite a number of entries, and after the show there were a number of offers to purchase the mare. As a show animal and an easy goer, she is climbing to the top, but few in the state her equal.

Mrs. Lou W. Atkins, who went to Pensacola, Fla., to see her brother, Robert Walford, who is very low with lung trouble, writes her home people that there has been but little change in her brother's condition since she reached his bedside.

Mr. Knox Daugherty, who was in the revenue service, and who was a nephew of Mrs. Mary T. Harvey, this place, fell from a third story window in Louisville and was killed. His remains were conveyed to Vine Grove, Ky., where his parents were buried.

A Pleasant Gathering.

Miss Alma McFarland entertained several of her young friends a few evenings ago in honor of Miss Ruth Hynes, who will leave next month for Virginia, where she will enter Randolph Macon College.

A number of interesting contests were introduced and highly enjoyed by all, as well as the delightful music rendered. Dainty refreshments consisting of sherbert and cake were served. Miss McFarland was assisted in entertaining by Miss Katie Murrell.

The following friends were present: Misses Nellie Huffaker, Hattie Wilborn, Ruth Hynes, Messrs. Guy Stevenson, Strother Hynes, and Robert Willis.

Baby Show.

Mr. John E. Gowdy, of Campbellsville, known and appreciated throughout this county by a large per cent of our leading citizens, authorizes the News to state that while the Columbia Fair Association, in some way, failed to see him before making up its premium list, he does not mean to keep out of the ring, and, therefore, offers five dollars in gold for the premium, white baby boy under two years of age, in Adair county. This premium is given by Mr. Gowdy as a token of friendship for the Association and an expression of good will and love for the little fellows who will, later on, take up life's responsibilities. This ring, not cataloged, will be called on Thursday, the third day of the Fair, at 1 o'clock, p. m., the Association to select three judges who will decide the contest and permit Mr. Gowdy to present the premium in such manner as he may elect. Remember the date, remember that this is given by your friend unsolicited and with love for the little ones.

There will be no Express taken out of the Express office at Barger Bros until all charges are paid, as I have to pay for it before I can get it out of the Express office at Campbellsville. W. E. Noe.

Thomas--Cundiff.

An attractive home wedding was that of Miss Lela Malone Thomas, to Mr. Claude W. Cundiff, which took place on Wednesday evening, July 26th, at 8 o'clock at the home of the bride's sister, Mrs. L. M. O'Nan, Fourth St., Louisville, Ky., Rev. W. S. Sanford, officiating. The bride wore a wedding gown of white crepe de chine and net. The only attendants were Miss Lucile Burdick and Mr. Herbert W. Cundiff, brother of the groom. The house was attractively decorated in potted plants and ferns. The refreshments carried out the color scheme of pink and white. After a short bridal trip Mr. and Mrs. Cundiff will be at home at 313 West Brandies.

Season Tickets.

Season tickets to the Columbia Fair are on sale at Paull Drug Co.'s Store and Marvin Young's Cafe 41-1t.

Misses Nannie Faulkner and Minnie Ingram entertained the following at the home of the former on last Friday evening: Misses Mary Breeding, Susan Miller, Ruba Wagoner, Katherine Nell, Dorothy Gill, Letitia Paul, Mary D. Patteson, Allene Montgomery Mildred Walker, Julia Miller, Anna Rubank, Cary Rosenfield. Messrs. Lester Watson, Doc Walker, Tom Patteson, Smith Gill, John D. Lowe, Robert Summers, Clay Smith, Shreve Davis, Rollin Cundiff, George Hunn, Chelsie Barger, Paul Taylor, Albia Rubank.

LOST,—a watch fob, cross twisted links. It was lost in Columbia. Finder will be rewarded. Return to this office. 41-1t

In the absence of the pastor, Eld. Tobias Huffaker will fill the pulpit at the Christian church next Sunday forenoon.

Next Tuesday the Columbia Fair will open and during the week the town will be full of people.

Delightfully Entertained.

Last Thursday the following crowd of young people spent the day with Mr. and Mrs. E. G. Flowers in a most delightful manner at their beautiful country home, at Bliss. An elegant dinner was served at the noon hour, and games were played on the lawn in the afternoon: Misses Nell Naylor, Jess Naylor, Letitia Dunbar, Loretta Dunbar, Mabel Conover, Ella Conover, Ester Dohoney, Lois Holladay, Mesdames W. H. Flowers, and J. W. Walker; Messrs Mark Holladay, Jas. Holladay, William Hurt Rowe, Nat Walker, Doc Walker, Ray Flowers, W. H. Flowers, J. Frank Walker, and Jno. A. Harris.

Notice.

The pastor will not be able to fill his appointment at Zion on next Sunday, but Bro. W. S. Dudgeon will preach on Saturday afternoon and Sunday morning. On Monday night, August 28th, a series of meetings will begin at Zion with Bro. L. C. Kelley doing the preaching.

O. P. Bush, pastor.

Thieves at Work.

Last Tuesday night a thief or thieves entered Casey Jones' store, but the proprietor does not know the amount of goods taken. The thief entered from the second story. He went up the steps leading to Mr. Butler Jones' place of business. Getting upon the upper hall way he discovered a window to the second story of the store room with the sash out, the only protection being a screen. He removed that and his entrance was easy. No clue up to this writing.

Land for Sale.

I have 8 acres of land for sale, a part of the Ben Grant farm, 4 1/2 miles from Columbia.

Abner Brockman, Absher, Ky.

If your baby boy is under two years old and lives in Adair county he is eligible to enter the contest offered by Mr. John E. Gowdy, on the third day of the Fair. The premium is worth \$5.00, the honor much more and the fact that it is given by a man as true to the best interest of this county as any man outside our border, ought to prompt you to give the baby a chance.

Cattle and Horses for Sale.

Next Saturday at 10 o'clock a. m., I will sell at public outcry to the highest bidder 3 steer calves; 1 two year old heifer, 1 3 year old black horse, and a good mare in foal, 3 milch cows, 1 four year Jack, one-half interest in 3 thoroughbred Holstein cattle, 1 2 1/2 year old bull, will weigh 1200 pounds, 1 Holstein heifer 18 months old 1 Holstein Bull 2 months old, one 4 months old Jersey heifer, 2 yearling heifers, thoroughbred Jersey cow and calf, 1 yearling Jersey bull.

Sale will take place at my farm 3 miles South of Columbia.

J. Press Miller.

For Sale.

I wish to sell a good work horse, good surrey, spring wagon and buggy. J. V. White, 41-2t Columbia, Ky.

Mr. W. A. Coffey, a man who believes that cleanliness is next to Godliness, has cleared the way to the "old swimming hole" on Sulphur, that was so popular a few years ago. Anyone wanting to clean up for the Fair can do so by furnishing transportation for themselves and Mr. Coffey to and from said swimming hole. He urges all who can to take advantage of this.

Mr. D. E. Phelps, a local stock dealer, returned from the Louisville cattle market a few days ago. He sold a bunch of cattle for 4 1/2 and 5 1/2 cents, the lowest market of the season.

Ozark and Milltown baseball clubs will cross bats at Lindsey-Wilson park next Saturday.

Sam Bardette bought eight mules Monday paying from \$140 to \$175 per head.

WAR SITUATION

(Deferred.)

London, July 27.—Heavy shelling of the German lines on the Somme front by British guns is in progress following the success of Gen. Sir Douglas Haig, in clinching his hold upon Pozieres, possession of which was necessary to a further advance toward Bapaume, his objective.

London to-day reports activity throughout the night by the British artillery, apparently in preparation for a renewal of the attack. The Germans in reply are using quantities of gas and eye-irritating shells, evidently in efforts to interfere with the operations of the British infantry, which is being kept in close touch with the Germans, hand-to-hand fighting at various points being reported.

An Austrian withdrawal before superior Russian pressure north of Brody, in northeastern Galicia, is announced by Austro-Hungarian army headquarters in its report of July 21 which says:

AUSTRIAN ADMISSION.

"South of Leszniow (twelve miles north of Brody) our troops were withdrawn behind the Bolurka sector before superior enemy forces. Very violent Russian attacks in the vicinity of Radziviloff (six miles northeast of Brody) resulted in insignificant Russian advantages. The Russians suffered extraordinarily heavy losses."

Of the fighting on the Italian front the statement says:

"In the Sugana Valley Italian attacks have ceased. Artillery duels are still in progress. On July 24, the enemy's losses before one sector of this front were from 1,200 to 1,300 dead and wounded."

Petrograd announces the capture of a total of 6,250 prisoners by the Russians in the fighting of Tuesday, when the Teutonic lines were pressed back in the Slonevka region of Volhynia.

After the capture of the Turkish fortress of Erzingan, Turkish Armenia announced yesterday, the Russians continued their pursuit of the Turks to the Westward. A depot of war materials was taken in Erzingan, the Russians assert.

Rumors that an important naval action has occurred in Scandinavian waters were met to-day by a statement of the British Admiralty that it had no reports of any naval activities in the region indicated.

Turkish claims to advantage over the British in cavalry skirmishes in Egypt, in the district East of the Suez canal, are denied in a report from the British commander in Egypt who reports that he has the situation well in hand.

COUNTER STROKE.

Germany has sealed the Belgian frontier, according to dispatches from Amsterdam. She is pouring great masses of troops into the west, and the frontier has been closed as a precaution against any of their movements becoming known.

"The German army is exited, realizing that the crucial stage of the war has arrived," says a Central News telegram from Holland.

"Belgians are not allowed to leave their homes while the great troop movements are in progress.

This news is received here as indicated that the Kaiser plans a tremendous counter-stroke against the French and British. It is expected to be launched either on the Somme, across the ground where the allies are carrying on their great offensive, or perhaps further to the west.

It is believed there is a possibility that it may take the form of the longexpected drive on Calais in an effort to relieve the pressure being brought to bear against the German lines in Picardy. Simultaneously new and violent attacks against the Verdun front are expected. That Germany is preparing for her final and most desperate effort in an attempt to wrest the offensive from the allies is the general belief in London.

Paris, July 27.—Sir Edward Morris, Premier of Newfoundland, in an interview with a representative of the Havas News Agency, declared that the war is practically finished. Premier Morris has just returned from the section of the Somme front where the Newfoundland detachment is stationed. Before leaving for the front he was asked by President Poincare and Premier Briand to express to his countrymen in the trenches. France's admiration and appreciation of their splendid services. In his interview he said:

"The war is virtually finished and the Germans are beginning to realize it. The battle of Verdun, the greatest battle in history, is a victory for France. It is the finest of all her glorious exploits and gives a new impulse to the whole nation.

"German prisoners with whom I talked, officers wearing the Iron Cross, told me that the Emperor and his staff seem to fear that Germany has lost the game. The collapse of Germany is only a question of time. When that day arrives we must see that the victory won by our arms is not lost by diplomatic negotiations."

Just the Thing for Diarrhoea.

"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is reliable. Obtainable at Paull Drug Co. Adv.

It is reported from London that the story that Lord Kitchener lost his life is a gigantic hoax, and that the great commander still lives, and is directing the British advance.

Two United States soldiers were killed in a battle with Villa bandits near Fort Hancock, Texas. Carranza soldier co-operated for the first time with our troops.

A Killing Heat Wave.

Reports from Illinois that the hot wave is killing farm animals and from Nebraska that unless rain falls within a week millions of dollar loss to corn crops will result indicate that Kentucky is not getting quite the worst of it. May be there is some consolation in that.

Kentucky has had abundant water supply and will stand a continued drouth without suffering for some time for water for human beings or animals. But the corn in many counties could not be plowed more than once because it rained so often. Where the corn has not yet become large enough to shade the ground the fields will bake hard and injure the growth unless they are plowed, and where the corn is too old to plow, but has not yet "shot," there is danger of a shortage due to the ears shooting during excessively hot dry weather. But a corn crop is tenacious of life and it is observable that when the most pessimistic prophesies have been made all summer there is a fair crop in the fall. Farmers need not give up hope because we are having some blistering days when the corn ground is not in as good condition as it might be to hold moisture.

Cure for Cholera Morbus.

"When our little boy, now seven years old, was a baby he was cured of cholera morbus by Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Mrs. Sidney Simmons, Fair Haven, N. Y. "Since then other members of my family have used this valuable medicine for colic and bowel troubles with good satisfaction and I gladly endorse it as a remedy of exceptional merit." Obtainable at Paull Drug Co. Adv.

Learn a Little Every Day.

There is said to be 90,000 farms in Texas on which no cows are supported.

The United States produces more than half of the total copper output of the world.

Natives of Algeria bury with their dead all the medicines used in their last illness.

Natives of the Kong Africa, use glassware and cockery to considerable extent.

There are at least five libraries in the world, which contain more than 1,000,000 volumes each.

Clear Skin Comes From Within.

It is foolish to think you can gain a good clear complexion by the use of face powder. Get at the root of the trouble and thoroughly cleanse the system with a treatment of Dr. King's New Life Pills. Gentle and mild in action, do not gripe, yet they relieve the liver by their action on the bowels. Good for young, adults and aged. Go after a clear complexion to-day. 25c at Paull Drug Co. Ad

Crops of all kinds are exceptionally good throughout our county, with the exception of a small territory around Lorain. It has been unusually dry at that point, and prospects are not so flattering.

A family re-union of Mr. Washington Colvin, was held at the Taylor-Marion Assembly ground of the Baptist church on the 22nd of this month. The above family is one of the most numerous with us, and the members of it have the esteem and good will of the public in general.

STELLA-VITAE STOPPED IT!

This has a world of meaning to every woman who suffers as Mrs. J. S. Blair, of Enterprise, Okla., suffered and there are many thousands such.

Mrs. Blair tells the story of her suffering and cure much better than we can tell it. We quote her own words:

"I had been mooding, cramping and vomiting for five months and taking medicine from as good a doctor as the country affords, but he did me no good. I got tired of doctor's medicine and sent to the drug store for a woman's medicine and the druggist sent me STELLA-VITAE."

"One bottle stopped everything and I felt like a different woman. I have used six bottles already and will continue to use and praise STELLA-VITAE whenever I need a woman's medicine."

What STELLA-VITAE did for Mrs. Blair it will do for you. We guarantee the first bottle to benefit you. Your money back if it doesn't. You cannot afford to not try it—when you have all to gain and not a penny to lose.

Go to your dealer today and begin trying STELLA-VITAE, trying to become well. We lose the price if you are not benefited. In many years of guaranteeing STELLA-VITAE less than one bottle out of every thousand has failed to benefit.

Your chances of being benefited are a thousand to one!

Mr. Hughes' speech of acceptance consisting of criticism of President Wilson's administration, particularly his policy with Mexico, was disappointing to the entire country. No certain line of action, no specific methods were revealed to indicate what course Mr. Hughes would have employed, had he been President. The fact is that he did not complain of results, but of the manner in which they were secured. He charged the President with pursuing a weak, foreign policy, but failed to denounce the results or to show a better way of securing them. Its the first time in the memory of man, since the birth of the Republican party, that it is compelled to go before the voters with not a single well defined issue on which to ask support. No administration has ever out classed the present one in giving good and wholesome legislation. No one has ever come nearer fulfilling every pledge made the people, and from the beginning of our government it never was in better condition. Why should any body want a change is a hard matter to explain. With peace and prosperity prevailing, with a man tried and found true, it is folly to seek a change, especially when no certain definite course is outlined—its not likely to happen.

WAR SITUATION

Berlin, Aug., 3 (via London, 5 p. m.)—French troops have penetrated the German lines on Monacu farm, in the region of the river Somme, and have taken a trench section to the north of that position, says the official statement given out to-day by the German army headquarters. In the region north of the fortress of Verdun, the announcement adds, the French have recaptured a trench section which they had lost in the Laufee wood.

Paris, Aug. 3 (12:15 p. m.)—North of the River Somme several German attempts last night against the French position on Monacu Farm were repulsed, it was officially announced by the French War Department this afternoon. The French troops organized their new positions between Monacue Farm and Hem Wood. South of the Somme a German counter-attack south of Estrees failed.

Several violent German counter-attacks on the trenches taken by the French yesterday on the right bank of the Meuse, the statement adds, were everywhere stopped by the screens of infantry fire. In this region, which is north of the fortress of Verdun, the French made substantial progress to the south of Fleury. Since the first of August the French have captured 1,100 Germans on this bank. On the left bank of the Meuse an intense artillery duel continues, but there has been no infantry action.

In the Somme sector, Sergt. Chainat, of the French aviation corps, brought down two German machines, which makes a total of eight brought down by this aviator.

TEXT OF STATEMENT.

The text of the French official statement given out this afternoon follows:

"North of the River Somme we repulsed last night several German assaults upon the Monacu Farm and we organized our new positions between this farm and the Hem wood. It has been confirmed that the German units engaged in the region of the Monacu Farm had to be relieved as result of the heavy losses they have sustained since July 30.

"South of the River Somme a counter-attack upon our positions located to the south of Estrees failed under our fire.

"On the right bank of the river Meuse the Germans delivered several violent counter-attacks upon the trenches which we captured yesterday. Everywhere our curtains of fire and the fire of our infantry checked the efforts of our adversary, who suffered heavy losses. As for our troops, following up their advantages, they have made notable progress to the South of Fleury. They have reached the immediate surroundings of this village and have even gone beyond the railroad station. The number of prisoners made by us yesterday in the Fleury region alone is in excess of 7000. This raises to 1,100 the number of able-bodied prisoners who have fallen into our hands since the first of August on the right bank.

"In the region of Vaux-le-Chapitre and Chenois there has been continuous artillery firing, but without infantry fighting. The night passed quietly on the remainder of the front; except in the forest of Apremont, where we dispersed with rifle fire certain German patrols.

DROPS TWO AEROPLANES.

"On the front the Somme Sergt. Chainat yesterday had two aerial encounters with German machines and in each case vanquished his adversary. These two new victories make a total of eight German machines which have been brought down by this aviator. Another German aeroplane, attacked at close quarters by one of our machines, fell to the ground and was wrecked near Chauny."

Obituary.

On Monday evening, at eleven o'clock, July 31, 1916, the death angel visited the home of J. M. Corbin, and claimed for its victim, the loving wife of Bennie Corbin. She had been in bad health most of her life. In her last months she was afflicted both in body and in mind. She was 33 years, 5 months and 4 days old when God said it is finished come up higher. She leaves a husband and three little children, and a host of relatives and friends to mourn their loss.

We deeply sympathize with the bereaved ones in the saddest hour of their lives. Sular was a kind, loving wife and mother and was loved by all. and will be missed so much in this neighborhood, but most of all by the ones

in our home who are so lonely without her. But weep not as those who have no hope, for she is safe in the arms of Jesus and is beckoning to loved ones to come, where there will be no more partings and sad good-byes. Her sickness was one of suffering although every effort was made to relieve her pain but to no avail. The tie is broken and she has gone to try the realities of that great beyond. It is sweet to know she has gone to live with Jesus and sooner or later we can all join her in heaven, an unbroken band around God's eternal throne. God saw she had done enough and said labor no more in the earthly vineyard and he clipped the flower and transplanted it.

It was so hard to give her up, but it is God's will, his will be done not ours. The Lord giveth and the Lord taketh away, blessed be the name of the Lord. Funeral services were held at Antioch church, by Bro. F. D. Furkin and Rev. T. J. Campbell, at her request, after which her remains were laid to rest in the Antioch cemetery, in the presence of a large number of relatives and friends, who assembled to pay the last tribute of respect. Health Officer's Notice.

In this week's issue of the Adair County News appears a true copy of an order made and placed on the Record Book of the Health Officer of Adair County, Ky. It is the duty of the Health Officer to see that those orders and instructions are carried out, and I shall expect one and all to make a thorough examination of their premises or places of business and see that they are cleaned up and put in a sanitary condition so that our town and county be in a healthier, sanitary condition.

It is ordered that all privies within 20 feet of any street or alley, side walk, dwelling or places of public business be removed at least 20 feet from same.

It is ordered that all business men clean up their premises behind their business houses and to see that all refuse material be removed from same, lots mowed and cleaned up and hereafter all refuse that accumulates in and around said business houses be brought to the front, placed in a box or barrel so that the man who is employed to remove garbage or refuse material can have easy access to same. The same rule will apply to private dwellings, vacant lots, streets, alleys, church lots, hotels, stables, &c. Place all refuse material in a box or barrel in front of your premises and they will be removed.

All premises are expected to be cleared of filth, refuse material, such as old plank, boxes, tin cans, paper, old irons, weeds, manure, slop, or of any and all things that tend to produce unsightly or unsanitary conditions.

It is also ordered that persons be prohibited from feeding teams or placing anything on the public square that creates a nuisance or unsightly or unsanitary conditions. The citizens of the town of Columbia and County of Adair will be given one week from the publication of this notice to get their premises in a perfectly healthy and sanitary condition. At the end of said time a thorough investigation will be made throughout the town and county and all violators will have legal notices served on them

S. P. Miller,
Health Officer of Adair County

Order of Board of Health.

Whereas, an investigation of the sanitary condition of the town of Columbia Adair county, Ky., reveals that said town is in a more or less unsanitary condition, and whereas said condition is a menace to the health and lives of the people of said town, and whereas the Board of Health of said town and county feel that they are negligent of, and failing in their duty unless those responsible for this condition are made to remove the causes of same. Now, therefore, at a meeting of the County Board of Health held in the office of Hon. Geo. Herriford, Judge of the Adair county court, on Thursday, the 3d day of August, 1916. Present, Hon. Geo. Herriford, S. P. Miller M. D. and N. M. Hancock M. D. It is unanimously ordered that Dr. S. P. Miller be directed, ordered and empowered as health officer of Adair County, Ky., to take such steps and use such means as may be necessary to enforce the rules and regulations of the State Board of Health as applied to both public and private sanitation, and specifically to have power to compel those engaged in public business, such as merchants, grocery men, poultrymen, liverymen and any and all other persons engaged in doing business with or serving the public, to keep their premises in a good, clean, healthy, sanitary condi-

tion, and to care for and dispose of all waste in a manner consistent, with the purpose of this order and to also have power to exercise such oversight and authority over private property, as to insure a healthy sanitary conditions, and he shall especially have such authority in the location and care of privies and the disposition of garbage, and it also appearing that certain person create a nuisance by feeding teams or horses on the public square, and by other means create unsightly and unhealthy conditions around and near the court house, it is ordered that said health officer take such steps as may be necessary to prevent this.

President's European Policy.

The complete story of President Wilson's European policy remains to be written, but its high achievements already are fully appreciated by the people of the United States. No more successful policy, whether of peace or war, was ever evolved by an American President to meet the exigencies of a crisis in American International relations. The President succeeded absolutely in meeting the paramount need which his European policy was evolved to meet. That need was for the abatement of the German policy of making submarine attacks against merchant ships without going through the process of visit and search.

Suppose another man had been President of the United States when Germany's policy of frightfulness endangered the peace between the two governments. Suppose he had been a man of martial spirit, instead of one possessed of that keen understanding and sympathy for American ideals with which Woodrow Wilson is imbued. What would have been his main objective as he formulated his policy for dealing with Germany. Suppose even that he had gone to war, would he not have done this with the main purpose of procuring an abatement of the outrages which Germany had committed, and thus insuring for the future that respect for American rights which would enable our citizens to travel wherever they willed upon the high seas safely and without fear of their rights being violated. A war or some other policy might or might not have succeeded in bringing this about. The policy which the President has followed did succeed. His vigorous exertion of the moral power of America upon the intellects and hearts of the German rulers and the German people, and his clearly indicated purpose to break with Germany if she did not respect our rights, compelled the most militant of nations to bow to America's will. This was the supreme diplomatic achievement of modern times. Undoubtedly the future historian, in writing of the European War, will comment upon the President's achievement as remarkable and epochmaking.

The test of a policy is its effectiveness. The effect of the President's policy has been to preserve the peace of the nation to withhold from American mothers and American young men the sacrifices which war would have forced upon them, to leave America free to press on to her highest destiny of national prosperity and national ideals, to safeguard the rights of the citizens of this nation in whatever quarter they were assailed, to keep the beacon light or human hopes and aspirations toward free government shining at a period when darkness had engulfed all Europe and was reaching out its hand to the

home of free government here in the Western Hemisphere.

If You Are "Not Very Well."

Perhaps you are thinking too much about yourself. You can't be well if you do that. Try turning your thought outward instead of inward. "Look up and not down; look out and not in, and lend a hand." "To lend a hand" is half the battle. Make yourself interested in other people's interests. Make yourself help in their difficulties. Make yourself remember what pleases them and interests them and matters to them. The worse your own worries or troubles or crosses, the more necessary it is that you should force your thoughts out of their inward trend. Do it for a week, and see if you aren't better.

Perhaps you eat too many sweets or eat them between meals. Nobody can do that with impunity. You may for a little while, but you can't for long. Try the experiment. Eat no sweets—and nothing whatever between meals for a week. If you feel more fit at the end of the week than at the beginning, you will know that you have taken the right turning.

Perhaps you are letting your mind dwell on grievances, great or small. Nothing is more harmful. Brooding over grievances ruins the health, drives away happiness, makes success in almost any walk of life almost impossible. No grievance, however real, can be so bad for you as brooding over that grievance.—Ex.

New Jersey Revolt.

The Progressive Party of New Jersey, as represented by its State Committee, refused to endorse the candidacy of Charles E. Hughes, although a strong effort had been put forth by Everett Colby, a pioneer Progressive of the State, to swing the committee that way.

When the meeting of the State Committee was held in Newark, July 15, J. A. H. Hopkins, Chairman, led the fight against endorsing Mr. Hughes. A resolution was submitted by Wm. E. Conkling, of Blairstown, reciting that the delegates to the National Convention at Chicago had exceeded their authority by endorsing the candidate of another party. The resolution further said:

"Resolved, by the New Jersey State Committee, That the Progressive Party of New Jersey will not be bound by the action of the National Committee in endorsing Mr. Hughes candidacy."

This resolution was carried by a vote of 7 to 5.

Chairman Hopkins read to the Committee a letter he had written to Col. Roosevelt recalling that the Colonel once had expressed the opinion that Mr. Hughes might perhaps turn out to be "another gold brick." This letter caused much amusement among those present.

Holy Rollers.

The sect of religious people calling themselves the Holy Rollers have been holding a meeting at Tullahoma, Tenn., and it is reported that they handled live copperhead snakes as a child would play with a pet kitten. One of the members was bitten by a snake twice, once on the cheek below the eye, and once on the neck just behind the ear. The place bitten did not even swell nor has she suffered any inconvenience from it since. At one time while handling a reptile it seized a finger of the same lady and fastened its fangs upon her finger. She held her hand out before the audience with the snake hanging by its fangs in her finger. Strange to say, her hand neither swelled nor did it get sore. It is said that these people handle a reptile in the same manner that a chicken handles a worm. A chickens gets a worm in its mouth and all the other chickens chase it, trying to get the worm. These people hold the snake above their heads.—Bowling Green News.

PORT OF HEALTH HAS BEEN FOUND

The Discovery of Tanlac Has Made This Possible.

A sea captain would never let his ship leave port without an anchor. He realizes that without something to hold his ship in control in cases of emergencies the craft would be left to the mercy of the angry sea.

In the same way an individual should guard himself against the ravages of diseases that have become so common in this country. Without something to aid nature in combating these ills—stomach, liver, kidney and catarrhal disorders, the individual is lost. Thousands have sailed happily into the port of Health on the good ship Tanlac. Tanlac, the new reconstructive tonic, has been a life saver to suffering humanity.

The world is full of people with blighted lives—blighted through the modern mode of living in irregularity and excesses. Tanlac is changing the natural consequences of wrong living for its users and is giving renewed health and strength to those many who have sought to regain the wealth they have thrown away—Health.

Run-down, nervous and half-sick people should give their bodies a chance and take a tonic, appetizer and invigorant that will build up the tissues and restore the stomach to a normal working order. Tanlac will do this and more. Tanlac restores lost appetite, brings good, restful sleep, banishes that nervous, all-gone feeling, vitalizes the blood and gives the entire system a toning up.

To those who suffer the misery of a worn out system, those who lack appetite, who fear to eat the things that they like, and heed the pains of an enfeebled stomach—Tanalac is a boon.

Tanalac is now being especially introduced in Columbia, at the Page & Hamilton drug store, where the Tanlac Man daily explains its merits and what may be expected from its use.

SALE OF ROLLER MILL PROPERTY

Wad Edwards & Co, Plaintiff
vs
A. S. Edwards, Admr & Co
Defendants.

Under a judgment of the Green Circuit Court in the above styled action I will on Monday August 14th, 1916 at the Courthouse in Greensburg, Ky., sell a Roller Mill, near the mouth of Little Barren River, on the Greensburg and Munfordsville road, to the highest bidder at public sale on a credit of six and twelve months. There are 11½ acres of land and a dwelling house that go with the mill property. This is good mill property, in a good locality and any one desiring to buy a roller mill would do well to inspect the property and be present at the sale. Any one desiring further information can write me or the plaintiffs' attorneys at Greensburg, Ky. W. F. Cantrell, Master Commissioner. Noggle & Graham, Attys for Plaintiffs. 40-2t

Editor News.—

This is to inform your readers that the genius of storm and flood has made this region the scene of desolation. In emergencies we appeal to the oldest inhabitant, and he is a husky youngster of ninety-six. This language is used advisedly; because "Granny Luther Wilmore," writing with a great, great grandson as amanuensis, assumes the airs of adolescent youth and claims his grandfather was a product of 1803. Does he mean B. C., or A. D.? The traditions of Kentucky would place Granny Luther at about 1745 A. D., and it would be a physical impossibility for him to antedate his worthy progenitor. The Wilmores are very worthy people, and the promise is long life to those that walk in the precepts of Jehovah. So he bears the earmarks of a favorite of Omnipotence, and the chances are that he will boom serenely on till the dawn of the Millennium. So here is hoping that he, Logan, and I will be at Columbia Fair, and that I can lead him about, or carry him on my back if he becomes weary; and I'll show him how to pierce the bull's eye at any distance from ten steps to five hundred yards, off hand and without glasses. My shooting will be with either a Colt's automatic pistol, a repeating Winchester, or I will use a flintlock to which he was first accustomed.

Getting back to our recent disaster, this State, South Carolina, and the two Virginias were the principal sufferers, with Western North Carolina the chief sufferer. Fifty-two lives was the human toll from this State; while damage to crops, bridges and live stock entailed a loss of many millions. The rivers near me are Broad, Catawba and Yadkin.

Shelby is nearly fifteen miles from me, and the Lawndale railroad, the Southern and the S. A. L., railroad cross Broad river between here and Shelby. We also had two fine steel bridges on sand clay roads leading from Upper Cleveland to Shelby, and all these bridges except Southern railroad were swept away, and it was badly damaged. All the phone and telegraph lines were put out of commission, and so was the electric light and power plant of Shelby. Hundreds of

passengers were marooned on the trains, and had to remain several days on the railroad tracks. Many towns of this State were cut off from all communication with outside world and suffered for food. Many lost floating buildings, and were rescued by relief parties in boats. The flood period embraced 14, 15 and 16th of July, the wind and electric storm raging 14 and 15th. Every bridge on Broad river but two out of nearly twenty were swept away, and same disaster overtook the Catawba and Yadkin. For three weeks rains fell almost continually, and local creeks were at high water mark perhaps a dozen times. Cotton is very seriously damaged, and Georgia and Alabama were devastated before we were. Both of these states are familiar to me, and the portion of Alabama near Selma, Montgomery and Tuccaloosa are better located in my memory than any other regions in twelve states, except Columbus, Ga.

The destruction was frightful on Alabama and Cahaba rivers, and the government appropriated aid, and gave the Carolinas and Virginias \$800,000. As one instance of crop destruction, John Morris had a fine prospect for a corn crop, seven miles from me, on Broad River. That corn is inundated by mud from two to three feet in depth. My place is on Hinton's and Flint Hill creeks. Of course we are badly damaged; but blessed are they who expect nothing for the same shall not be disappointed. My sons, Lucien and Bob, are at West Lake and Cochrane, Georgia; and the lumber plants for which they are bookkeeping have sustained heavy losses, but they trust in God and keep their powder dry. The low price of cotton two years ago was a crushing blow to the South, and many moons will wax and wane before the recent disaster will be retrieved. However, whining and don't avert nor retrieve calamities; and as I am a giddy young thing of fifty-nine I am not cast down nor destroyed.

I certainly am inclined to thank God and take courage at prospect of railroad being built in Adair, and hope that roads will be taken out of the creeks before Granny Logan and Granny Wilmore come back again. Young, active men like Jim Cager Yates and I can walk or ride a bucking pony over those muddy roads, but where I live we have sand clay highways laid off by a civil engineer and properly graded, and I lament that as poor a county as Cleveland has so badly outstripped Adair in this respect.

One of the features of the Columbia Fair should be Jim Cager Yates with Granny Wilmore on his back and I Granny Logan, running a three mile heat. That would furnish what in race track parlance is called the handicap.

Hoping that the blessing of God may temper the winds of Illinois and Missouri to these tender but ancient lambs, I shall close.

M. L. White.

Crops are looking well in our vicinity.

Mr. Robert Willin and wife, of Texas, who visited his father, Mr. Dave Willin and other relatives, left Monday morning for their home.

Mrs. Fannie Willis was called to Cane Valley, Wednesday, on account of the serious illness of her granddaughter, Helen Smith, daughter of Mr. and Mrs. Louard Smith.

Mr. Walter Murrell and sister, Miss Eva, Miss Allie Garnett, Mr. R. G. Willis and Eldridge Barger attended the singing at Neatsburg last Sunday and reported a fine day.

Many homes were made sad in our community last Saturday when the news of the death of Mr. Sam Epperson reached here. Much sorrow is felt for the grief stricken wife and lonely sister, Mrs. James Holladay, who is the only surviving member of a large family.

Miss Cora Powell attended an all day singing at Mt. Pleasant, in Russell county, last Sunday.

Miss Julia Lloyd and Marvin Cabbell have both about recovered from a spell of typhoid fever.

Mrs. Albert Williams, of Stillwater, Okla., is visiting Miss Dora Young this week.

Mrs. Avalee Sullivan is at the bedside of her grandfather, Mr. Lester, of Russell county.

Misses Nellie and Jessie Naylor, of Okeene, Okla., are visit-

ing their aunts, Mrs. Ellen Holladay and Mrs. F. G. Willis, and other relatives this week.

One of Mr. and Mrs. Jim Young's children is quite sick.

Blakey's thresher, of Russell county, is in our neighborhood this week.

Miss Ellen Powell is on the sick list.

The singing at Zion last Sunday night was very much enjoyed by all present, and all are hoping Mr. Cabbell will give us another soon.

Glenfork creek was higher last week than it has been for many years. Corn was badly blown down and lots of oats and hay washed away.

For Sale.—An extra good Jersey cow, three years old with heifer calf.

Moonlight Schools Begins Session.

Moonlight schools will begin their session on Monday evening, August 14th, throughout the State. The session will run for twenty-four evenings four evenings each week, the hours being from seven to nine o'clock. The Kentucky Illiteracy Commission, Frankfort, Kentucky, furnishes instructions and equipment for such schools. Teachers are volunteering by the thousands and many counties are setting a high aim. In Clay county every teacher has volunteered for the third successive year and they plan to teach one thousand to read and write before the session closes. Leslie and Cumberland counties have also sounded the slogan—"One thousand taught to read and write." McCreary plans to wipe out illiteracy this year and has the slogan "No illiteracy in McCreary County in 1917." How many teachers in your county have volunteered? How many moonlight schools will there be? How many will be taught to read and write?
